FIREWORKS

1938 CATALOG

Name of Jobber

Bullard-Bell Co.
Joplin, Mo.

TO JOBBERS

Special Discounts to Jobbers. Write for Discounts.

You will find in this catalog nothing but good salable merchandise, selected by old experienced men in the fireworks business. You will find our line of far superior quality than some goods offered the trade.

LARGE CAPACITY

With the purchase of our new building we now have a storage capacity of seventy-five carloads at one time.

DROP SHIPMENTS

To jobbers not caring to keep in stock large quantities of fireworks, we offer the advantage of our Drop Shipment Department. You book the orders and send them to us and we will ship direct to your customer and charge the goods to you.

You will find our discount as liberal as any other fireworks concerns, and we can promise you much better service than you have been getting in the past from other concerns.

Try us out this year on the Drop Shipment Plan and you will always be our customer.

Prices in this Catalog are F. O. B. St. Joseph, Missouri.

Prices Subject to Change Without Notice.

We protect you in case of decline. Protect yourself against advances by ordering now for delivery later.

Delivery: You can safely count on us making 100% deliveries on all orders, whether a ten-dollar order or a trainload order, judging from present indications.

BOMB SHELLS OR MAROONS OR LOUD REPORT SHELLS
Also Called "RAIN MAKERS"

Used in opening exhibitions, political meetings, etc., as signals or salutes and are fired from a steel mortar, high into the air and discharging with a loud report like from a heavy cannon that can be heard for miles.

3-inch diameter (9-in. cir.), each...	\$2.25
4-inch diameter (12-in. cir.), each...	3.00
5-inch diameter (15-in. cir.), each...	4.00

When ordering please order by diameter size.

NOTE—We loan iron mortars for shooting above Maroons and for shells listed below when returned to us, transportation charges prepaid.

"PLAIN" COLORED SHELLS

NOTE—We price our shells according to diameter.

- 2-inch diameter is same size as 6-inch circumference.
- 3-inch diameter is same size as 9-inch circumference.
- 4-inch diameter is same size as 12-inch circumference.
- 5-inch diameter is same size as 15-inch circumference.
- 6-inch diameter is same size as 18-inch circumference.

Do not be misled by concerns pricing their shells according to circumference instead of diameter.
